Recycling is the simplest way to preserve the Earth's valuable resources. It only takes a few minutes to rinse out a can and put it in the appropriate recycling bin. Recycling has a profound impact on the Earth and maintains it as a healthy place for future generations.

This brochure was made by the City of Estacada to promote curbside recycling through the local garbage franchise.

Recycling Guidelines

When to Recycle

- ⇒ Curbside service is available **EVERY WEEK—ON YOUR NORMAL GARBAGE DAY.**
- ⇒ Recycling must be at curb **no later than 8am.**
- ⇒ Glass & motor oil must be kept separate.
- ⇒ **ALL RECYCLABLES MUST BE CLEAN.**

1 gallon of motor oil, carelessly disposed of, can contaminate one million gallons of drinking water.

GLASS

Recycle clean glass bottles and jars separately from other recyclables.

Not recyclable curbside: candleholders, vases, ceramics, plates, glasses, cookware, window glass & light bulbs.

PLASTICS

Plastic bottles and tubs, 6 oz. and larger.

Not recyclable curbside: Plastic food containers.

TIN CANS

Clean cans, lids, pie plates, trays, aluminum foil, empty aerosol cans (don't puncture or remove nozzle). Other scrap metal is available as an extra service—call ahead for an estimate.

Not recyclable curbside: Hazardous materials.

***ALL RECYCLABLES
MUST BE CLEAN***

MOTOR OIL

Put in leak proof plastic or metal containers with screw top lids.

NEWSPAPER, MAGAZINES & CARDBOARD

Flatten and place in grocery bags or tie securely in bundles. Can include phone books, opened junk mail, cereal, cracker & shoe boxes, shredded paper (strips only), paper bags, paper egg cartons, labels from metal cans & wrapping paper.

Not recyclable curbside: Paper with food on it (pizza boxes), wax, plastic, or foil coated paper or paper with "wet strength" in it such as frozen food boxes, beverage cartons, paper cups, plates, pet food bags, or cross cut shredded paper.

SCRAP METAL

Call ahead for scrap metal. Large items are done at an extra service—call for estimate.
